ATTITUDE OF MR. BALLINGER

Said to Endanger the Reclamation Service.

ARTHUR P. DAVIS TESTIFIES

Flatly Contradicts Many Statements Made by the Secretary of the Interior to President Taft—Chief Engineer of the Reclamation Service Proves to Be an Important Witness Well Fortified With Maps, Dates, Etc.

Washington, March 12.—With Arthur P. Davis, chief engineer of the reclamation service, on the stand the attack upon Secretary Ballinger continued before the congressional committee on investigation. Mr. Davis was called as a witness by Gifford Pinchot and was examined by Mr. Pinchot's attorney.

Although expressing reluctance to testify Mr. Davis proved to be well fortified with maps, dates, data, etc., and proved in many ways to be one of the most important witnesses so far introduced by the prosecution. He contradicted flatly many statements made by Secretary Ballinger to President Taft, revealing in detail various interviews and talks he had from time to time with Secretary Ballinger, and ended the day by declaring that the reclamation service is still in danger of disintegration as a result of Mr. Ballinger's attitude toward it.

Mr. Davis declared that "in language as strong as politeness and proper respect would permit" he had told Secretary Ballinger himself that his entire course had tended to a demoralization of the service.

With regard to a statement by Mr. Ballinger to the president that he had restored many lands withdrawn by Secretary Garfield on the strength of recommendations from the reclamation service that these lands were no longer needed for reclamation purposes, Mr. Davis declared that all of the recommendations made by the reclamation service were in response to direct orders issued by Mr. Ballinger. These orders were repeated, he said, many times, but were never put in writing.

Director Newell Protested.

Director Newell of the reclamation service protested vigorously against the secretary's action. Mr. Davis said Secretary Ballinger had written a letter to Dr. Thomas E. Will of this city repeating the statements that lands had been restored upon recommendation of the acting director of the reclamation service that they were no longer needed. The witness said he had made no attempt to influence Mr. Ballinger as to these restorations because he was always met with the statement that Mr. Garfield's withdrawals of the lands had been illegal.

Mr. Davis declared that early in the present administration he had found Mr. Ballinger deeply prejudiced against the reclamation service. He asserted that Mr. Ballinger had told him to prepare the list of lands for restoration slowly so as not to attract attention. The witness said he had made no attempt to influence Mr. Ballinger as to these restorations because he was always met with the statement that Mr. Garfield's withdrawals of the lands had been illegal.

Mr. Davis asserted that Mr. Ballinger was wrong in stating to the president that Mr. Garfield's withdrawals did not truthfully show what they were made for. There had been no subterfuge, he said, and if there had been any appearance of subterfuge it was his fault, and not Mr. Garfield's.

The witness revealed in his testimony that there is quite a feud between the reclamation service and the geological survey. It was on reports of the reclamation service that Secretary Garfield acted in his withdrawal of power sites. Secretary Ballinger has depended entirely upon the geological survey. Mr. Davis did not hesitate to criticize the survey and declared that the narrow strips which had been withdrawn along streams by the geological survey did not properly protect the power sites.

ITALIAN FATALLY WOUNDED

Man Who Committed Deed Says He Shot to Protect Himself.

Des Moines, March 12.—Charles Derossi, thirty-eight years old, an Italian, was shot three times in the back in the home of Paul Gligliotti. Derossi was removed to police headquarters, and thence to Mercy hospital, where little hope was given for his life. Gligliotti confessed the shooting, saying he fired to protect himself from vengeance of the Black Hand.

Wisconsin Man Drowned.

Portland, Ore., March 12.—G. Schultz of Milwaukee was drowned and Hugh Hurlbutt of New Elizabeth, Wis., was washed ashore senseless when a small boat capsized. They were making a hazardous trip down the coast.

The Mosquito Hawk.

The head of the mosquito hawk will continue eating its victim when separated from the thorax.

ARTHUR P. DAVIS.

Gives Important Testimony at Ballinger-Pinchot Inquiry.

BURTON OPPOSES PROJECT

Not in Favor of High Power Dam Near St. Paul.

Washington, March 12.—There was a flurry among members of the Minnesota delegation when it became known that Senator Burton of Ohio had expressed a purpose to defeat the proposed amendment to the river and harbor bill providing for the construction of a high power dam in the Mississippi river near St. Paul. Inquiry developed that Mr. Burton is opposed to this project largely on the ground of economy, and in this instance he is acting as a member of the senate committee on expenditures, which is charged with the duty of keeping down appropriations.

Senator Nelson and Representative Stevens and Nye had a conference on the subject of the high dam. While they are not pleased to have Senator Burton fighting this project, the house members are convinced that Senator Nelson will be able to retain the amendment in the river and harbor bill.

WILL OPPOSE THE RAILROAD MEASURE

Clapp and Cummins to Lead Fight on Bill.

Washington, March 12.—The programme for the consideration by the senate of the administration railroad bill is taking definite shape and it is understood the measure will not be taken up before Tuesday of next week.

The supporters of the bill are anxious to have the debate begun on Monday, but Senator Cummins of Iowa, who will lead off in the speechmaking in opposition, is demanding a day's postponement and there is little doubt that this will be granted.

Senator Cummins will discuss the subject in great detail and probably will speak for two or three days. He will be followed by Senator Clapp. Both will oppose the bill in many features and will strive to obtain material amendments.

It is understood that a majority of the so called "insurgent senators," as well as many of the Democrats and possibly some of the "regular" Northwestern senators, will stand with them in support of some of their amendments.

PAID OUT AN ENORMOUS SUM

But Run on a Cleveland Bank Is Ended.

Cleveland, March 12.—After as vigorous a run upon a banking house as has ever been known in Cleveland the stampeded depositors of the Society for Savings regained their equilibrium and the panic was over.

In the two days and a half that the run lasted \$1,250,000 was withdrawn, at the rate of \$1,225 a minute. As the majority of the deposits affected were small ones, hundreds amounting to less than \$100, the record made by the bank in handling this withdrawal is regarded as remarkable.

Spurred on by the offer of \$6,000 in rewards, \$1,000 of which is personally offered by former Governor Myron T. Herrick, president of the bank, detectives are searching for the originators of the groundless rumors on which the run was based. In addition several detective agencies have been employed by the bank and the municipal secret service force has joined in the quest, as the offense is a criminal one in this state.

Peacemaker Killed.

Denison, Ia., March 12.—A telegram received here says Michael Griffin, former resident of this place, was murdered near Nodaway, Mo. He was employed in a stone quarry, and when he attempted to interfere in a fight between two quarrymen, one of them struck him on the head with a club.

Two Killed by Canned Fish.

Winnipeg, Man., March 12.—Mrs. Hugh Campbell and Mrs. George Tong, wives of prominent citizens of Virden, Man., died from eating canned finnan haddies.

DEMONSTRATION AGAINST PATTEN

Made in Cotton Exchange at Manchester, Eng.

RESCUED BY THE POLICE

Chicago Wheat and Cotton Operator Mobbed and Officers Save Him From Injury—On the Corn Exchange at Liverpool the Chicagoan Is Greeted With Cheers and Other Manifestations of Friendliness.

London, March 12.—A hostile demonstration on the floor of the cotton exchange at Manchester and one directly contrasting it for friendliness on the corn exchange at Liverpool were met with by James A. Patten, the Chicago wheat and cotton operator.

In the first Mr. Patten was mobbed and probably escaped injury only by being rescued by the police; in the latter he was greeted with cheers and other manifestations of friendliness.

Mr. Patten will sail from Liverpool for New York on board the Cunard line steamer Mauretania.

The brief vacation in England of the Chicago operator had been spent mostly about the Liverpool markets, and he made up his mind to run over to Manchester to see the city and visit the cotton exchange. It was known to Mr. Patten that there had been threats of an unpleasant reception should he visit the cotton exchange, but he refused to believe they would be carried into effect. These threats, it is said, emanated from persons on the exchange who had lost large sums as a result of Mr. Patten's operations in Chicago and from others who held him responsible for Thursday's rise in the price of cotton and who believed that his visit to England had for its purpose the manipulation of the market.

Hardly had Mr. Patten touched the floor of the Manchester exchange before the outburst came. He was hooted and jeered by the throng and then surrounded and hustled to the street. The crowd followed even here, and did not desist in its manifestations of dislike until the American had been placed in a cab by the police and started for the railway station, where he took the first train back to Liverpool. While unhurt, Mr. Patten was greatly surprised and irritated at the dislike the people of Manchester had shown for him.

Arriving in Liverpool Mr. Patten just had time to visit the corn exchange before it closed for the day. The floor was crowded with members, who evinced their sympathy with him for the treatment that had been shown him in Manchester by taking off their hats and cheering him when he referred to the incident.

MINNESOTA TEACHERS MEET

Governor Eberhart Addresses Convention at Red Wing.

Red Wing, Minn., March 12.—The problem of keeping the boy in school and of keeping him interested in the curriculum will be solved when industrial education is installed in our public schools, said Governor A. O. Eberhart in an address before the assembled teachers at the fourteenth annual convention of the Southeastern Educational association that met in this city.

President Silvernale of the association presided over the meeting, which was opened with a musical number by the first and second grade pupils. Owing to the fact that State Superintendent Schulz had been forced to go South on account of his health, Dr. J. A. Hancock, principal of the training department of the Mankato normal school, was secured to take his place on the afternoon's programme. His address was on industrial education.

One of the most important meetings of the convention was held at night when Dean George F. James of the college of education of the University of Minnesota addressed the assembled pedagogues on "The Most Pressing Problem in American Education."

Strikers Victorious.

Trenton, N. J., March 12.—The strike of the employees of the Trenton Railway company, which has been going on for the past two days, has been settled. The settlement resulted in the men getting practically everything they asked for. The principal demand was for an increase in compensation of from 18 1/2 to 23 cents an hour.

Riot in Butte.

Butte, Mont., March 12.—The presentation of four tickets in the Third ward at the Democratic primaries caused a riot which required a wagonload of policemen, with the free use of their clubs, to quell. The ballot box was stolen during the excitement and has not been recovered. Many heads were cracked during the fight.

St. Louis Gets Tournament.

Detroit, March 12.—St. Louis was awarded the 1911 tournament and the old list of officers and members of the executive committee were re-elected with a few exceptions at the annual meeting of the American Bowling congress here.

JAMES A. PATTEN.

Chicago Wheat King Is Mobbed in Manchester.

RAILROAD STRIKE AVERTED

Commissioner Neill Prevents One on the Baltimore and Ohio.

Baltimore, March 12.—There will be no strike of conductors or trainmen on the Baltimore and Ohio railroad. Commissioner of Labor Neill having brought to a successful conclusion his efforts as mediator in the wage dispute between the railroad and the men.

While the exact figures on which a settlement was reached were refused for publication, it was learned that concessions were made on both sides and that in a general way the men and the officials met half way. This is true of all matters in controversy except the question of double-header freights, for the abolition of which the men asked. By mutual agreement this question was laid aside for settlement hereafter in conjunction with other roads. At the conclusion of the conference Commissioner Neill declined to make any statement other than that a settlement satisfactory to both sides had been reached.

President Garretson of the conductors' union and President Lee of the Brotherhood of Trainmen jointly issued the following statement:

"The settlement includes freight, passenger and yard service, and while not all that was requested by the men in the original demands presented, it means a substantial increase to all concerned."

ROOSEVELT MAY SETTLE TROUBLE

Factional Fight in New York Worries Party Leaders.

MINNESOTA TEACHERS MEET

Governor Eberhart Addresses Convention at Red Wing.

Washington, March 12.—Hard on the heels of the flurry in Ohio the Republicans of New York have clinched in a factional fight that promises endless complications and trouble and has already alarmed party leaders, who fear its effect on national politics. It is war to the knife and the knife to the hilt between State Chairman Woodruff, National Committeeman Ward and William Barnes on the one side and Senator Root, Governor Hughes, Vice President Sherman and most of the members of the house from New York on the other. President Taft's influence, so far as he may exert it, will be with Mr. Root and his associates. Away up the Nile, just emerging from Darkest Africa, is the man who can do more than any other to decide the issue and no one knows just where he will line up. Colonel Roosevelt will not be home, however, in time to take a hand in the fray until hostilities have progressed to such a point that the result may be disastrous.

In electing State Senator Cobb leader of the Republican forces in the state senate in direct opposition to the urgent recommendation of Root, Hughes and Sherman that Senator Himman be chosen, Woodruff, Barnes and Ward demonstrated that they are in control of the situation at Albany. At the same time they have invited a struggle for control of the Republican state organization. Woodruff must be ousted from the state chairmanship, according to the verdict of the New Yorkers in Washington, and it is also understood they will go after Barnes' scalp as survivor of the port at Albany and endeavor to force Ward from the national committee. Control of the state convention and the naming of the candidate for governor are likewise in the balance.

If Roosevelt steps in to save New York and turns the trick what will be the effect on the national situation with respect to the presidency in 1912? This is one of the questions that has all the politicians guessing.

Pittsburg's Brother-in-Law Dead.

Pittsburg, March 12.—Thomas McK. Laughlin, a brother-in-law of President Taft and Mrs. William H. Taft, died suddenly of cerebral hemorrhage at his home in this city. Mr. Laughlin's death was unexpected although it came as a result of a period of ill health extending over some months.

CALL BECOMES MORE INSISTENT

TAFT'S FANCY STEPS.

After Speaker Cannon's Highland Fling President Danced a "Hoe Down."

While more than fifty guests looked on laughingly and applauded, Speaker Cannon tempted President Taft the other night into a test of terpsichorean agility in the east room of the White House at Washington. Both stopped panting when the trial was ended, but the opinion was unanimous that the honors on fancy steps were even. The dancing followed a dinner given by the president to Uncle Joe, said to be the first formal affair ever accorded a speaker of the house of representatives by a president.

The dinner ended the company went to the east room. An orchestra played a gentle waltz, and the president led off with Mrs. Joseph H. Gaines, wife of the representative from West Virginia. The speaker, with Mrs. Laughlin, a sister of Mrs. Taft, glided out on the polished floor in the wake of the chief. Then the dance was on.

In the intermission, however, when the orchestra struck up a lively tune Uncle Joe stepped briskly into the middle of the room and brought his heels together sharply. There was a patting of gloved hands, and voices called encouragingly to the guest of honor. In a moment the speaker's heels were twinkling in a brilliant highland fling. "Excellent, eh?" he called exultantly to Mr. Taft. "I was something of a dancer when I was a youngster."

For answer the president stepped smilingly forward, and those who were present say the two executed several steps of an old fashioned "hoe down" that delighted every one.

WATERMELON VINE IN AN EAR

Removed From Head of Man Who Thought He Had a Tumor.

Agriculture has reached such an advanced stage in Denver that watermelon vines are being grown in men's ears. That was discovered recently by Dr. Black. He removed from the ear of Richard Johnson a watermelon seed which not only had taken root, but also had sprouted. In fact, the seed, the many yellowish roots and the sprouts filled the ear cavity. Johnson had no idea he was being used for a watermelon patch.

He went to the doctor convinced fully he was suffering from a tumor. That diagnosis of his ailment had been made by other doctors, but Dr. Black is enough of a farmer to know a watermelon vine when his probe strikes it, and he relieved Johnson in short order.

Johnson has no idea how the seed got in his ear. He thinks he has carried it since last summer, because it was early last fall that his ear first began to trouble him. Several times before he went to Dr. Black he suffered such agony he was on the verge of going on the operating table to have the "tumor" removed.

DEER FARMING TO HELP MEAT

Dr. Merriam Says It Can Be Carried on Almost Anywhere in America.

Deer farming can be carried on profitably almost anywhere in the United States and may offer a solution of the high price of meat problem, according to Dr. C. Hart Merriam, chief of the biological survey, who testified the other day before the house committee on expenditures in the department of agriculture at Washington.

"Deer will thrive and multiply on waste land," said Dr. Merriam, "and can be raised easier than cattle. Twenty deer can be raised on ground that will support only one cow. All that is needed is a fence to keep the deer in and their enemies out."

According to Dr. Merriam, wolves are increasing in the United States, and their annual depredations in the great cattle herds in the north and northwest amount to \$13,000,000 a year.

INVENTORS TO COMBINE.

Will Hold a Congress in Rochester in June—Want New Standard.

The international congress of inventors will open in Rochester on June 13 and continue for five days. Several of the most prominent inventors of the United States have promised to attend, and some of them will bring some of their new devices for exhibition.

Many matters demanding the attention of the inventors will be brought up at the convention. The manner in which business is conducted by examiners in the patent office in Washington will be investigated, and an endeavor will be made to obtain the establishment of a standard for the United States patent.

Knox Will Sell Autos.

Providence, R. I., March 12.—Philander Knox, Jr., will start in to work Monday selling automobiles for a living. "I think I am suited to the place," he said, "and will show my father the stuff I am made of and perhaps I will own a factory myself some day."

Manila Hemp.

The fiber of manila hemp varies in length from six to twelve feet and occasionally attains a length of eighteen feet. It is said to possess greater tensile strength than any other fiber known, exceeding 50,000 pounds per square inch.

Philadelphians Want Street Car Strike Settled.

DEMANDS FOR ARBITRATION

Come From Almost Every Quarter of the Quaker City—Failure to Arrive at an Arbitral Agreement the Only Thing That Stands in the Way of a Calling Off of the General Sympathetic Strike.

Philadelphia, March 12.—The call for arbitration of the differences between the Philadelphia Rapid Transit company and its 4,000 or more striking employes has become insistent.

From quarter after quarter, in Philadelphia and outside of it, the demand for mediatory measures was voiced. Everywhere it was recognized that the failure to arrive at any arbitral agreement was the only thing that stood in the way of a speedy calling off of the general sympathetic strike in this city, which practically has paralyzed the city's industrial life and which the labor leaders made renewed threats to spread if the deadlock continued.

These threats, perhaps, were the very things which most stood in the way of an amicable adjustment. The "vested interests," as they are sometimes slightly alluded to by partisans, but which, nevertheless, under present conditions, are a decidedly real factor in the situation, dislike and resent the hint of coercion.

But leaving this feature of the present condition out of consideration there came to the surface forces which those who, for good or bad reasons, can see nothing but a prolonged struggle as the outgrowth of the existing complications, will seemingly find it hard to resist.

At a meeting of business men the call for arbitration was the keynote from beginning to end of a two hour and a half debate, which culminated in demands upon both local and national influences for the setting in motion of forces which would work to bring the traction dispute before mediatory tribunals for settlement.

Outcome Hard to Predict.

What the outcome will be is hard to predict. Determined moves for arbitration have been made before in the course of the struggle, which started nearly four weeks ago, and have failed. Each day, however, seemingly brings the situation nearer a crisis.

An excellent sign was the good order which prevailed throughout the city. Not until late at night was there any sort of an outbreak in any quarter of the city. Coming out of a meeting which was held in Musical Fund hall a section of the crowd displayed a turbulent spirit and passing trolley cars were stoned. The police, by a show of force and the display of revolvers, subdued the demonstration before much mischief was done. No body was seriously injured and there were no arrests.

The meeting itself, though enthusiastic, was orderly. It was featured by a declaration by C. O. Pratt, leader of the striking carmen, that the sympathetic strike, although the leaders, he asserted, regretted the necessity of calling one, would not stop in Pennsylvania if the fight were prolonged. "We will go through the United States," declared Pratt.

Cars ran uninterruptedly in greater numbers than since the strike began. The strikers did not claim any new accessions to their ranks, and such as there were the employers claimed were more than offset by desertions from the strikers' cause.

PROPERTY DAMAGE IS HEAVY

Big Reservoir in Colorado Goes Out Suddenly.

Julesburg, Colo., March 12.—The Big Jumbo reservoir, belonging to the Julesburg irrigation district, went out suddenly, washed out two miles of Union Pacific tracks and did about \$150,000 damage. No lives were lost so far as known.

A Union Pacific limited train, en route from Chicago to Denver, stopped close to the waters, the engineer seeing the flood spread out for miles before him. One report says only the block signal saved the limited train from plunging into the water.

Officials of the irrigation district have been unable to discover the cause of the accident.

Strike of Rich Gold Ore.

Helena, Mont., March 12.—A strike of rich gold ore has been made in the Charlie claim of the Mineral Mountain company in the Birdseye district, seven miles west of Helena. The ore body is more than a foot in width and carries a streak several inches wide showing native gold.

Thousands of Sheep Drowned.

Butte, Mont., March 12.—The breaking up of an ice gorge in Sage creek in Fergus county drowned the entire band of thousands of sheep belonging to Charles Beck.

SATURDAY, MARCH 12, 1910

Since John D. Rockefeller commenced to give his property and cash away his family and friends have begun to become worried over his mental condition.

Bro. Avery, in his Hutchinson Leader, says that a man appointed to office for purely political reasons is handicapped in his efforts to honestly and efficiently serve the public.

The Pine Tree Blaze has been sold to E. B. Dahl, of Nevis. Pine River is a bustling little town, but there is scarcely enough business to support two first class newspapers there.

According to the newspaper report the Indians who sold their allotments on the White Earth reservation to the white man have done so illegally and something like 200 buyers will lose their investment as the full-bloods have no legal right to dispose of their land. That is once the red men got the best of the white man.

A separate section for ladies would help some churches, remarks the Wabasha Herald, referring to the hat wearing custom. In most churches if the ladies and gentlemen occupied separate sections the small number of the latter attending would be so noticeable that they would soon wish to get under cover of the ladies' hats and hide themselves.

The fire losses in Minnesota for 1909 amounted to \$3,839,671.30; the premiums received \$7,720,432.80. The losses in Minnesota for January were \$190,000, as compared with \$660,000 in 1909. The losses in the United States amounted to \$12,965,000, as compared with \$18,686,000 in January 1909. Fire losses for January were much lower throughout the country than last year, in fact the lowest since 1903.

"The Advantages of Farm Life from a Woman's Standpoint" is the title of what promises to be one of the most specially interesting addresses at the Minnesota Conservation and Agricultural Development Congress, to be held in the Municipal Auditorium, St. Paul, March 16 to 19. Mrs. Agnes Whitney Savage, who is to deliver this address, was born in Maine, educated in Boston and came west to Minnesota shortly after her marriage twenty-six years ago. Since that time she has been a practical farmer, first in company with her husband and, since his death, alone, and has successfully operated a farm for over a quarter of a century. "I know as much about hard work on the farm as anyone," she says, "but I am as healthy and happy as anyone and I shall be able to convince those who hear me that the so-called hard lot of the farmer's wife is not so awfully hard after all."

Boil all drinking water to avoid danger of typhoid fever. Dr. R. A. Belse, Health Officer. 211-1f.

Having once secured a customer, it is our purpose to make his relations with us pleasant. Security State Bank. 235-16

LOCAL NEWS NOTES

Ice cream at McLellan's. 1t
The funeral of Mrs. Agnes Peron took place this afternoon, followed by interment in Evergreen cemetery. Mrs. Peron had joined the Modern

Danger of typhoid fever can be avoided by boiling all river water used for drinking purposes. Dr. R. A. Belse, Health Officer. 211-1f

Miss Irma Warner, who is working as stenographer for the Rogers-Brown Ore company, at Deerwood, came over today to spend Sunday with her parents.

The garage being erected by Liljendahl & Roscoe Bros., on South 9th street is progressing finely. Charles Peterson, who has the contract, has the brick work well under way and the frames for the windows in place.

Mrs. R. Burtch and little daughter, arrived from Litchfield today and are visiting at the home of J. W. Bush, who is a brother of Mrs. Burtch. From here they will go to Canada, where they will make their future home.

Rev. Charles Fox Davis went to Sawyer and Duluth yesterday on business connected with the Methodist conference to be held in Duluth in April. He is expected home tonight and will occupy his pulpit tomorrow as usual.

We desire to acknowledge our thanks to the people of this community for their confidence, good will, and generous patronage. Security State Bank. 235-16

Work on the rebuilding of the blacksmith shop at the corner of First avenue and Kindred street is progressing rapidly. The building was badly damaged by fire a few weeks ago but will soon be ready for occupancy again.

There was a very pleasant social party given at the home of Mr. and Mrs. Toger Peterson last evening, the guests being young people identified with the Seventh street Norwegian Lutheran church. Light refreshments were served and all enjoyed the evening very much.

Mrs. W. J. Cyphers, mother of Mrs. W. H. Strachan, who has been ill at the Northern Pacific hospital for some weeks, is improving. Mr. Cyphers, who has been here a few days visiting his wife, will resume his work as an engineer on the Minnesota & International railway in the near future.

Mr. and Mrs. H. H. Porter, of Minneapolis, returned home today after having visited Mr. and Mrs. Adam Armstrong. Mr. Porter was recently burned out in the dry cleaning business in Minneapolis and is looking up a new location. He will go to Fargo before making any decision as to his future home.

Rev. L. M. Hostager came from Cloquet today noon and will speak in the Norwegian Danish Lutheran church on Tenth street tomorrow morning and in the Lutheran church in the town of Long Lake in the afternoon. Rev. Hostager has resigned his pastorate in Cloquet and expects to move to Brainerd some time in the near future.

Mrs. John Chisholm, an old resident of Crow Wing county, died last night at the home of her daughter, Mrs. Fred Brinkman, at Bemidji, after a long illness with Bright's disease. The remains will be brought down tonight and the funeral will be held at Crow Wing, probably Sunday afternoon. The deceased was the mother of Mrs. Annie R. O'Conner of this city.

An Awful Eruption
of a volcano excites brief interest, and your interest in skin eruptions will be as short, if you use Bucklin's Arnica Salve, their quickest cure. Even the worst boils, ulcers, or fever sores are soon healed by it. Best for burns, cuts, bruises, sore lips, chapped hands, chilblains and piles. It gives instant relief. 25c at all druggists. tsw

To avoid danger of typhoid fever boil all river water used for drinking purposes. Dr. R. A. Belse, Health Officer. 211-1f

Mrs. W. E. Entriiken went to the twin cities this forenoon in the hope that a change might improve her health. She has been ill most of the winter.

Mrs. D. M. Falconer, of Aitkin, arrived in the city today to visit at the home of Mr. and Mrs. John Falconer, 1813 East Oak street, for a few days.

Ray Barron left this afternoon for St. Paul enroute to Glendive, Mont., where he has been transferred as a clerk in the store department of the Northern Pacific railroad.

Alfred Zoerb, of Aitkin, underwent a successful operation for appendicitis at the Northwestern hospital two or three days ago. Mrs. Zoerb is here also and is stopping with her sister, Mrs. Alla Cuskey.

The choir of the Seventh Street Lutheran church is preparing to give a concert at the Swedish Baptist church on Wednesday evening, April 6th. A fine program is being prepared for the occasion.

It is reported that John Gilmer and his son are both seriously ill at the former's logging camp near Cross Lake, with small pox. There are said to be a number of cases of the disease in the camp.

C. A. Knippenberg, traveling manager for the Union Savings & Loan Association, of Sioux Falls, came in last night from Duluth and is looking after the business of the association here today.

The funeral of Miss Mamie Donant took place this morning at 9 o'clock at St. Francis church. There was a large crowd of friends, both young and old, in attendance and there were many floral offerings.

Mrs. R. Burtch and little daughter, arrived from Litchfield today and are visiting at the home of J. W. Bush, who is a brother of Mrs. Burtch. From here they will go to Canada, where they will make their future home.

Rev. Charles Fox Davis went to Sawyer and Duluth yesterday on business connected with the Methodist conference to be held in Duluth in April. He is expected home tonight and will occupy his pulpit tomorrow as usual.

We desire to acknowledge our thanks to the people of this community for their confidence, good will, and generous patronage. Security State Bank. 235-16

Work on the rebuilding of the blacksmith shop at the corner of First avenue and Kindred street is progressing rapidly. The building was badly damaged by fire a few weeks ago but will soon be ready for occupancy again.

There was a very pleasant social party given at the home of Mr. and Mrs. Toger Peterson last evening, the guests being young people identified with the Seventh street Norwegian Lutheran church. Light refreshments were served and all enjoyed the evening very much.

Mrs. W. J. Cyphers, mother of Mrs. W. H. Strachan, who has been ill at the Northern Pacific hospital for some weeks, is improving. Mr. Cyphers, who has been here a few days visiting his wife, will resume his work as an engineer on the Minnesota & International railway in the near future.

Mr. and Mrs. H. H. Porter, of Minneapolis, returned home today after having visited Mr. and Mrs. Adam Armstrong. Mr. Porter was recently burned out in the dry cleaning business in Minneapolis and is looking up a new location. He will go to Fargo before making any decision as to his future home.

Rev. L. M. Hostager came from Cloquet today noon and will speak in the Norwegian Danish Lutheran church on Tenth street tomorrow morning and in the Lutheran church in the town of Long Lake in the afternoon. Rev. Hostager has resigned his pastorate in Cloquet and expects to move to Brainerd some time in the near future.

Mrs. John Chisholm, an old resident of Crow Wing county, died last night at the home of her daughter, Mrs. Fred Brinkman, at Bemidji, after a long illness with Bright's disease. The remains will be brought down tonight and the funeral will be held at Crow Wing, probably Sunday afternoon. The deceased was the mother of Mrs. Annie R. O'Conner of this city.

An Awful Eruption
of a volcano excites brief interest, and your interest in skin eruptions will be as short, if you use Bucklin's Arnica Salve, their quickest cure. Even the worst boils, ulcers, or fever sores are soon healed by it. Best for burns, cuts, bruises, sore lips, chapped hands, chilblains and piles. It gives instant relief. 25c at all druggists. tsw

To avoid danger of typhoid fever boil all river water used for drinking purposes. Dr. R. A. Belse, Health Officer. 211-1f

Mrs. W. E. Entriiken went to the twin cities this forenoon in the hope that a change might improve her health. She has been ill most of the winter.

Mrs. D. M. Falconer, of Aitkin, arrived in the city today to visit at the home of Mr. and Mrs. John Falconer, 1813 East Oak street, for a few days.

Ray Barron left this afternoon for St. Paul enroute to Glendive, Mont., where he has been transferred as a clerk in the store department of the Northern Pacific railroad.

Alfred Zoerb, of Aitkin, underwent a successful operation for appendicitis at the Northwestern hospital two or three days ago. Mrs. Zoerb is here also and is stopping with her sister, Mrs. Alla Cuskey.

The choir of the Seventh Street Lutheran church is preparing to give a concert at the Swedish Baptist church on Wednesday evening, April 6th. A fine program is being prepared for the occasion.

It is reported that John Gilmer and his son are both seriously ill at the former's logging camp near Cross Lake, with small pox. There are said to be a number of cases of the disease in the camp.

C. A. Knippenberg, traveling manager for the Union Savings & Loan Association, of Sioux Falls, came in last night from Duluth and is looking after the business of the association here today.

The funeral of Miss Mamie Donant took place this morning at 9 o'clock at St. Francis church. There was a large crowd of friends, both young and old, in attendance and there were many floral offerings.

Ice cream at McLellan's. 1t

The funeral of Mrs. Agnes Peron took place this afternoon, followed by interment in Evergreen cemetery. Mrs. Peron had joined the Modern

\$12.50 to \$25.00

Clothes or no clothes, you'll surely be wanting an Easter Hat, Tie and other new Toggery. You'll find the choice Spring things here—all are pleasingly priced.

Stubborn Males
are liver and bowels sometimes; seem to balk without cause. Then there's trouble—loss of appetite—indigestion, nervousness, despondency, headache. But such troubles fly before Dr. King's New Life Pills, the world's best Stomach and Liver remedy. So easy. 25c at all druggists. tts

FEW DOSES END KIDNEY TROUBLE

Lame Back, Bladder Distress and Other Results of Out-of-Order Kidneys Vanish

URINARY TROUBLE IS ENDED

Just a Few Doses Now Will Make Your Entire Kidney and Urinary System Act Fine

Usually sufferers from backache, bladder trouble, or out-of-order kidneys, feel relieved after several doses of Pape's Diuretic.

Misery in the back, sides or loins, sick headache, inflamed or swollen eyelids, nervousness, rheumatism and darting pains, heart palpitations, dizziness, sleeplessness, listless, worn-out feeling, and other symptoms of inactive, sluggish kidneys simply vanish.

Uncontrollable urination (especially at night) smarting, discolored water and all bladder misery ends.

Feeling miserable and worried is needless because this unusual preparation goes at once to the out-of-order kidneys and bladder, distributing its cleansing, healing and vitalizing influence directly upon the organs and glands affected and completes the cure before you realize it. The moment you suspect any kidney or urinary derangement, or feel rheumatism, begin taking this harmless medicine with the knowledge that there is no other remedy at any price, any where else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Pape's Diuretic, which any druggist can supply.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Only curative results can come from taking Pape's Diuretic, and a few days' treatment will make any one feel fine.

Accept only Pape's Diuretic—fifty-cent treatment—any drug store—anywhere in the world.

Pape's Diuretic
We are so certain that Pape's Diuretic is a truly effective medicine that we positively guarantee satisfaction or money refunded.

TO ORGANIZE LAUNCH CLUB

Enthusiastic Meeting was Held at the Residence of Geo. E. Whitney Friday Evening

NEW OFFICERS WERE ELECTED

A Committee was Appointed with Full Powers to Build a Dock at Rice Lake

A very enthusiastic meeting of the Mississippi River Launch Club, as it has heretofore been known, was held Friday evening at the home of Geo. E. Whitney, in Northeast Brainerd.

The first business of importance to be taken up was that of election of officers, the following being chosen: Pres.—Elmer Forsberg, V. P.—W. L. Wilson, Sec.—Percy Ozard, Treas.—J. R. Midgley.

There were 20 members enrolled, of whom 18 were present. It is expected that there will be about 30 members this year. The club is to be reorganized this spring on broader lines than before. All who now belong are to be considered charter members of the new organization and the admission fee for them was fixed at \$2 each. The dues will be twenty-five cents per month.

A committee, consisting of Messrs. Forsberg, Midgley and Stade was appointed to put in a dock on Rice lake. The committee was given full power to act for the club in this matter.

A committee was also appointed to make arrangements for a social dance to be held immediately after Easter.

After the business meeting Mrs. Whitney served a lunch to the members present and a very pleasant evening was spent.

It was reported at the meeting that Tom Mooney will take out the steam engine from his launch and will put in a 3-cylinder, 4-cycle gasoline engine, the design being made by local parties.

Mahlon Mayo will build a small stern wheel steamer to run on the river below the dam, while the one he used there last season will be put on above the dam. The stern wheel will be removed and the twin screws put back.

"The boat club can't get anything out of the government authorities in the way of improvements on the Mississippi river between Brainerd and St. Paul," said a member of the club to a Dispatch reporter. "We could not even get a place on the program of the conservation and development congress to discuss it. It looks as if the Weyerhaeuser interests were afraid that their dams and sorting works maintained between Brainerd and the cities would be interfered with if the matter is investigated."

A committee was also appointed at the meeting to draw up a new set of by-laws for the association.

PEQUOT NEWS NOTES

From the Review:—

Born Monday, March 7, to Mr. and Mrs. J. S. Buttolph, a boy. Mother and son are doing nicely at last reports.

License was defeated by 3 majority. There were 33 against and 30 for license, consequently we have a dry town for another year.

Victor Anderson left for Minneapolis Saturday where he will take the liquor cure. Judge Holman accompanied him, returning Monday night.

Willard Tanzer was wearing an extra smile and was passing around the cigars Thursday morning. The occasion was a bouncing boy who arrived at his home that morning. Dr. Thabes, of Brainerd, was the attending physician. Mother and son are doing nicely. Congratulations Willard.

Have you seen "Michael's" Beautiful New Spring Suits?

If you have not, you are missing something you should not miss.

FREIGHT WRECK NEAR MOTLEY

Thirteen Cars Went into Ditch this Forenoon as Result of a Broken Flange

TRAIN SENT BY LITTLE FALLS

Afternoon Passengers Were Compelled to go That Way Because of the Wreck

A freight train was wrecked just this side of Motley this forenoon. The disaster is supposed to have been caused by a broken flange, and thirteen cars were derailed. It was estimated by the train crew that it would take at least eight hours to clear the main track. The west bound passenger was sent from here via Little Falls and the afternoon train from the west will have to come by the same round about course.

No one was hurt in the wreck, but the property loss will be pretty heavy.

Vagaries of a Cold—You can never be quite sure where a cold is going to hit you. In the fall and winter it may settle in the bowels, producing severe pain. Do not be alarmed nor torment yourself with fears of appendicitis. At the first sign of a cramp take Perry Davis' Painkiller in warm, sweetened water and relief comes at once. There is but one Painkiller, Perry Davis'.

Seven Reasons Why You Should Use Brown's Spring Water

1. Because, it is the only pure running water offered for sale.
2. Because, it has no chance for contamination.
3. Because it is handled in a perfectly sanitary way.
4. Because there has been no typhoid fever among exclusive spring water users.
5. Because, it does not have to be boiled.
6. Because, it is tasteless and agrees with the most delicate stomachs.
7. Because, it is giving better satisfaction now than in years before.

There are more people using Brown's Spring Water now than ever before. You are invited to visit the spring and see for yourself.

J. M. HAYES.

They break up colics, cure feverishness, constipation, teething disorders, headache and stomach troubles. THESE POWDERS NEVER FAIL. Sold by all drug stores, 25c. Don't accept any substitutes. A trial package will be sent free to any mother who will address Allen S. Olmsted, 1 e Roy, N. Y.

MRS. J. F. DYKEMAN DEAD

Passed Away Friday Night After a Long Illness Caused by Run-away Accident

Word was received this morning that Mrs. James F. Dykeman died at their home near Flak last night. Mrs. Dykeman had her back injured over two years ago in a runaway accident and has been bed-ridden ever since. The funeral will be held at the family residence Sunday afternoon at 2 o'clock.

Mrs. Dykeman was well known in this city, having lived here many years and her death will be mourned by a large circle of friends. Mrs. Dykeman had the services of the best physicians here and in Duluth after her injury, but in vain and for months it has been known that her death was simply a matter of time.

LIND WILL NOT RUN

Former Governor John Lind Positively Says He will not be the Democratic Candidate

New Orleans, March 11.—John Lind, former governor of Minnesota, is at the St. Charles hotel with his wife. Regarding the report that he will be a candidate for governor again this fall on the democratic ticket, Mr. Lind denied it emphatically tonight.

"I positively will not be a candidate," said the former governor to a representative of the press, "and any rumors that I will accept the nomination with a local option plank in the platform are not correct. There is no possible chance of my running for governor of Minnesota this year."

How Good News Spreads

"I am 70 years old and travel most of the time," writes B. F. Tolson, of Elizabethtown, Ky. "Everywhere I go I recommend Electric Bitters, because I owe my excellent health and vitality to them. They effect a cure every time." They never fail to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. They work wonders for weak run-down men and women, restoring strength, vigor and health that's a daily joy. Try them. Only 50c, satisfaction is positively guaranteed by all druggists. tfs

MUSIC AND DRAMA

Byron's Troubadours

The seat sale for Byron's Troubadours, which will appear at the opera house Monday evening under the auspices of the Elks, commenced this morning at H. P. Dunn's drug store. There has been a large sale there are some good seats yet and you should get your ticket at once to be sure of a good seat. The Troubadours are musicians of a high class and their entertainment is very versatile in its character. No one can afford to miss it. Tickets 75c, 50c and 25c each.

Saved a Soldier's Life

Facing death from shot and shell in the civil war was more agreeable to J. A. Stone, of Kemp, Texas, than facing it from what doctors said was consumption. "I contracted a stubborn cold" he writes, "that developed a cough, that stuck to me in spite of all remedies for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery which completely cured me. I now weigh 175 pounds." For coughs, colds, lagrippe, asthma, hemorrhage, hoarseness, croup, whooping cough, and lung trouble, its supreme. 50c, \$1.00. Trial bottle free. Guaranteed by all druggists. tfs

LEASES ON STATE PASTURE LANDS

May be Leased for Five Years with Privilege of Removing Fences, Etc.

NOT LESS THAN 10c PER ACRE

County Auditor Receives Instructions Regarding Law Recently Passed

J. F. Smart has received a letter from the state auditor calling his attention to the law passed by the last legislature regarding the leasing of state lands for grazing or pasture purposes. The rental on these lands cannot be less than ten cents per acre and they are to be sold to the highest bidder on the second Tuesday of April in each year.

The following is the law covering the matter: "Section 1—After any land belonging to the state has been offered at public sale and no one offers the appraised price, the state auditor may lease the same for a period of not more than five years for grazing and pasturing purposes. The annual rental shall not be less than ten cents per acre and at the end of the term the lessee may remove all fences on temporary structures thereon.

"Section 2—On the second Tuesday of April of each year the several county auditors shall receive bids for the leasing of state lands in their counties and the lands shall be leased to the highest bidder. The rent shall be paid annually in advance and whenever any lessee fails to so pay his rent before the second Tuesday in April of each year, the county auditor shall declare the lease terminated and again offer the land for rent. The county auditor shall retain ten per cent of the gross amount received for the use of the land and remit the balance to the state auditor, who shall turn it in to the several funds of the state to which the land belongs."

E.C.BANE'S

REAL ESTATE AGENCY

We sold four houses and six lots last week and a great many are raising the price or withdrawing their property, so if you want a home you had better look our list over this month. Here are a few good ones.

Fatal Course.
A matron was visiting her former home city and was under full headway with the seemingly endless string of questions usual in such a case.

"And your sister's daughter, Violet?" she asked.
"Violet is married," the friend replied.
"Oh, dear, no! My sister always humored her, you know," was the response, "and the poor child was permitted to marry the man she was in love with."—Detroit Free Press.

SOME PLAIN CENSUS FACTS

Its Purpose Not to Pry Into Anybody's Private Affairs.

EVERYBODY'S DUTY TO ASSIST

Officials Bound by Solemn Oath Not to Disclose Information Received Except to Proper Departments—Refusal to Answer a Violation of Law.

THE census is not, never has been and cannot be used to obtain information in connection with the enforcement of tax rates, deportation proceedings, extradition measures, army or navy conscription, compulsory school attendance, child labor prosecutions, quarantine enforcement or in any way to interfere with the enjoyment of life, liberty or property by any person.

It has nothing whatever to do with the legal detection, arrest, prosecution or punishment of any person for any suspected or actual violation of a law, whether of a city or state or of the national government or of a foreign nation.

It is to find out how much bigger the nation has grown since ten years before, how many more people, how many more native born, how many more foreign born, how many work for their bread, how many for whom there is no work, how many own their own homes and other similar facts.

That is all. It is not to pry into your private affairs. It is not to increase your taxes. It is not to find out who should be deported. It is not to send

ASSISTANT DIRECTOR WILLOUGHBY.

any person back to his native country. It is not to make any person join the army or navy. It is not to find if any are breaking the laws of a city or state or the United States. It is not to trouble or to harm or to prosecute anybody for anything he has done or is doing.

The census count is made by men called enumerators, which means counters. The enumerator asks the questions. The questions are not from his own mind. They are from the bureau of the United States census, which prints a list for the enumerator. He simply sets down the answers opposite the questions. He will not ask questions not on the list. All persons must answer the same questions.

The counter, or enumerator, will call at your home Friday, April 15 next, or maybe a day or three days or a week later. He will call as soon as he can. You will know him by a census badge, "United States Census, 1910," he will wear on his coat and a yellow khaki bag he carries. In this are his printed questions. He may have an interpreter with him. The enumerator may be a woman.

You must not refuse to admit him to your home. You must not refuse to answer. You must not answer falsely. Listen to him. Answer him willingly and truthfully. Encourage your relatives, friends and neighbors to tell him. Help him in every way you can. It is your duty. It is everybody's duty. It is the law of the United States. He is not a spy, a policeman or a tax assessor. He is not an agent of the city, county or state. He is working for the bureau of the United States census. He tells no one but the census bureau what is told him, and the United States law will not let the census bureau tell any other persons or officials or other government departments or any foreign ambassador, consul or nation.

The census law with reference to population requires that the enumerator's questions shall for each inhabitant call for—
"The name, relationship to head of family, color, sex, age, conjugal condition, place of birth, place of birth of parents, number of years in the United States, citizenship, occupation, whether or not employer or employee, and if employee, whether or not employed at the date of enumeration (April 15, 1910), and the number of months unemployed during the preceding calendar year (1909), whether or not engaged in agriculture, school attendance, literacy and tenure of home and whether or not a survivor of the Union or Confederate army or navy, and the name and address of each blind or deaf and dumb person."

The same law with reference to agriculture requires that the enumerator's questions shall for each inhabitant call for—

"The name, color and country of birth of occupant of each farm, tenure, acreage of farm, acreage of woodland and character of timber thereon, value of farm and improvements, value of farm implements, number and value of live stock on farms and ranges, number and value of domestic animals not on farms and ranges and the acreage of crops planted and to be planted during the year of enumeration and the acreage of crops and the quantity and value of crops and other farm prod-

ucts for the year ending Dec. 31 next preceding the enumeration."

All questions relating to population and the inventory of farm equipment apply to conditions existing only on April 15, the "census day."

The census bureau's instructions to enumerators with reference to the enumeration of the population present some important and interesting distinctions.

Persons living on April 15, 1910, but who died after it and before enumerators call, are to be counted, but persons born after April 15 are not to be included in the count. Persons who were single on April 15 are to be reported as single even though they have married subsequently and before the canvasser has called. This is true similarly of persons who become widowed or divorced after April 15.

The census law provides that all persons shall be enumerated at their "usual place of abode" on April 15. This means the place where they may be said to live or belong or the place which is their home. As a rule, the usual place of abode is not the place where a person works or where he eats, but where he regularly sleeps. The enumerators are cautioned, however, that where a man happens to sleep at the time of the enumeration may not be the place where he regularly sleeps.

As to Absentees.

If any one in an enumeration district is temporarily away from home on a visit or on business or traveling for pleasure or attending school or college or sick in a hospital such absent person is to be enumerated and included with other members of the family. But a son or daughter regularly living in another locality should not be counted with the family at home.

Servants, laborers or other employees who live with the family and sleep in the same house or on the premises should be enumerated with the family. The census bureau states that there will be, on the other hand, a certain number of persons present and perhaps lodging and sleeping in districts at the time of the enumeration who do not have their usual place of abode there. These are not to be enumerated. It must be assumed that they will be enumerated elsewhere. They should not, therefore, unless it is practically certain that they will not be enumerated anywhere else, enumerate or include with the members of a family they are enumerating any of the following classes:

Persons visiting a family, transient boarders or lodgers who have some other usual or permanent place of abode, students or children living or boarding with a family in order to attend some school, college or other educational institution in the locality, but not regarding the place as their home; persons who take their meals with a family, but lodge or sleep elsewhere; servants, apprentices or other persons employed by a family and working in the house or on the premises, but not sleeping there, or any person who was formerly in a family, but has since become a permanent inmate of an asylum, almshouse, home for the aged, reformatory, prison or any other institution in which the inmates may remain for long periods of time.

The words "dwelling house" and "family" are, for census purposes, given a much wider application than they have in ordinary speech. A "dwelling" is defined as a place in which at the time of the census one or more persons regularly sleep. It need not be a house in the common meaning of the word.

A Census Family.

A "family," as a census term, may mean a group of individuals who occupy jointly a dwelling place or part of a dwelling place or an individual living alone in any place of abode. All the occupants and employees of a hotel, if they regularly sleep there, make up a single family because they occupy one dwelling place, and persons living alone are regarded as families.

The enumerators are required to enter on the schedule the name of every person whose usual place of abode on April 15, 1910, was with the family or in the dwelling place for which the enumeration is being made. The head of the family is to be entered first, then the wife, next the children, whether sons or daughters, in the order of their ages, and, lastly, all other persons living with the family, whether relatives, boarders, lodgers or servants.

If any adult refuses or willfully neglects to answer the questions on the enumerator's list or if he or she willfully gives answers that are false he or she will be arrested, carried to court and fined up to \$100. Keepers of hotels, apartment houses, boarding or lodging houses, tenements or other buildings in which people make their homes must help the enumerator when requested or they will be arrested, carried to court and fined up to \$500.

It is everybody's duty to help make the next census, which is the thirtieth taken since the year 1790, an accurate statement of the population conditions in the United States as they actually exist April 15, 1910. It is not only their duty; it is the law.

GREATEST FLAG'S ODD USE.

A Screen For Easter Lilies Growing in a Pittsburgh Hothouse.

The largest American flag in the world, 160 by 80 feet, is now used to cover the lilies that are being forced in the Phillips conservatory in Schenley park, at Pittsburgh, for the Easter flower show.

The original idea of the big flag—which has proved a red, white and blue elephant—was inspired by Captain Howard Oursler, Mayor Magee's secretary, who enlisted several hundred women in its making. These organized the Society of Betsy Ross. No supports or pole could be found sufficiently strong to hold the big bunting. The last time it was displayed was during the world's series championship ball games last fall, when it was spread on the hillside of Schenley park. The thousands at Forbes field could see its bright colors across the diamond in the distance.

A Mean Suggestion.
"Papa, why do brides wear long veils?" "To conceal their satisfaction, I presume, my son."

You Blame the Stomach

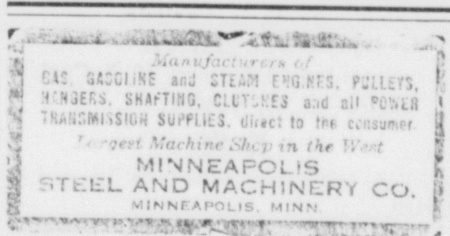

But chronic indigestion will disappear when the liver, kidneys and bowels are set right by DR. A. W. CHASE'S KIDNEY AND LIVER PILLS

You are skeptical.
For you have tried many medicines and still suffer from indigestion with all its annoying symptoms.

Take a new line.
Leave the stomach alone, for the source of trouble is in the intestines, and healthy digestion can be restored by the use of Dr. A. W. Chase's Kidney and Liver Pills.

Mr. Claud D. Ellison, Brunker, Colo., writes: "For some time I was troubled with derangements of the liver and kidneys which upset the digestive organs and made me feel miserable. A friend advised the use of Dr. A. W. Chase's Kidney and Liver Pills, and I thank the day I began using them, for they completely cured me."

You can make a thorough and lasting cure of chronic indigestion by using Dr. A. W. Chase's Kidney and Liver Pills, one pill a dose, 25 cts. a box, at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

NATURE'S WARNING

Brainerd People Must Recognize and

Heed it

Kidney ills come quietly—mysteriously.

But nature always warns you.

Notice the kidney secretions.

See if the color is unhealthy.

If there are settlements and sediment.

Passages frequent, scanty, painful.

It's time then to use Doan's Kidney Pills.

To ward off Bright's disease or diabetes.

Don't have done great work in Brainerd.

Mrs. Emma Eckholm, 1301 E. Oak St., S. E., Brainerd, Minn., says:—

"I do not hesitate to recommend Doan's Kidney Pills. My daughter

suffered terribly from backache and other symptoms of kidney complaint for years. The use of a few boxes

of Doan's Kidney Pills, procured at a local druggist store, have proven of great benefit in her case. Her confidence

in this remedy is unlimited and she intends to continue its use until every symptom of kidney trouble

has been driven from her system."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

RELIEVES URINARY AND KIDNEY TROUBLES, BACKACHE, STRAINING, SWELLING, ETC.

STOPS PAIN IN THE BLADDER, KIDNEYS AND THE BACK

Also

Wouldn't it be nice within a week or so to begin to say goodbye forever to the scalding, dribbling, straining, or too frequent passage of urine; the forehead and the back-of-the-head aches; the stitches and pains in the back; the growing muscle weakness; spots before the eyes; yellow skin; sluggish bowels; swollen eyelids or ankles; leg cramps; unnatural short breath; sleeplessness and the dependency?

I have a recipe for these troubles that you can depend on, and if you want to make a Quick Recovery, you ought to write and get a copy of it. Many a doctor would charge you \$3.50 just for writing this prescription, but I have it and will be glad to send it to you entirely free. Just drop me a line like this: Dr. A. E. Robinson, K53 Luck Building, Detroit, Mich., and I will send it by return mail in a plain envelope. As you will see when you get it, this recipe contains only pure, harmless remedies, but it has great healing and pain-conquering power.

It will quickly show its power once you use it. So I think you had better see what it is without delay. I will send you a copy Free—you can use it
